

# Declaration of decontamination

For the protection of our employees and facilities as well as for compliance with legal regulations, we ask you to complete a decontamination declaration. Attach it to the outside of the packaging so that it is clearly visible. We can only offer a fast and reliable service if we receive this decontamination declaration from you quickly and completely filled out.

Incomplete or only partially completed forms inevitably lead to a delay in order processing. Please have the form signed by a person authorised to do so. We reserve the right to refuse orders due to non-existent declaration or even if we cannot exclude a risk to our employees. Please understand these measures.

**Sender:**

Company:	Your name:
Street:	Department:
ZIP, City:	Phone:
	E-Mail:

**Device(s):**

1	Type:	SN:
2	Type:	SN:
3	Type:	SN:
4	Type:	SN:

**Information on media used:**

Medium	Device No.									
	Device No.				Inflam- mable	toxic	caustic	hazardous / irritating	other danger	harmless
	1	2	3	4						
Water										
Hydraulic oil										
Skydrol										
Nitrogen										

If any of the hazards listed above apply to a medium, please attach safety data sheet.  
With your signature you confirm that the parts are free of residues in hazardous quantities

**We do not accept equipment that has been exposed to radioactive, microbiological or explosive contamination and has not been properly decontaminated!**
